Dear CHNA board,

Thank you for your email. I am aware that a few of my colleagues have responded, so I'll just cover a few points.

You're right. We could have verbally acknowledged your last correspondence. We don't usually address from the dias every letter we receive, but I can see where it would be helpful to assure you we had received it.

#1-5, I know that staff has been working hard to be accessible and provide you additional information to your questions. They will follow up on your last letter.

On #6, we do not take action on an issue the same evening that we hold a public hearing. We may share some thoughts, but legislative action occurs at a future meeting.

Lastly, I don't know if you are aware, but CM Falcone has been left off the "to:" line of some of your correspondence.

We all want the Permanent Supportive Housing project to be successful and we appreciate your ideas and continued engagement. Thank you.

Kelli
